

TABLE OF CONTENTS

Chapter No.	Title	Page No.
PART I - CONCEPTUAL FOUNDATIONS		01-40
1	Strategic Financial Management in Modern Enterprises 1.1 Finance–Accounting Interface 1.2 Strategic Decision-Making Architecture 1.3 Role of Financial Information in Corporate Strategy 1.4 Governance, Ethics, and Regulatory Frameworks 1.5 Digital Transformation in Finance and Accounting	3
2	Financial Statements as Strategic Information Systems 2.1 Structure and Interpretation of Financial Statements 2.2 Profitability, Liquidity, Solvency, and Efficiency Indicators 2.3 Analytical Techniques: Vertical, Horizontal, and Trend Analysis 2.4 Ratio Analytics for Strategic Evaluation 2.5 Limitations and Misinterpretations in Financial Analysis	21
PART II - PLANNING, BUDGETING, AND CONTROL SYSTEMS		39
3	Strategic Budgeting Frameworks 3.1 Budgeting as a Planning and Control Mechanism 3.2 Master Budget Architecture 3.3 Activity-Based, Zero-Based, and Rolling Budgets 3.4 Performance Monitoring Through Budget Variance Analysis 3.5 Behavioral and Organizational Dimensions of Budgeting	41
4	Forecasting Tools for Strategic Decisions 4.1 Forecasting Principles and Planning Horizons 4.2 Qualitative and Quantitative Forecasting Models 4.3 Revenue, Cost, and Cash Flow Forecasting 4.4 Sensitivity and Scenario-Based Forecasting 4.5 Integrating Forecasts with Long-Term Strategic Plans	61
PART III - CAPITAL INVESTMENT AND RESOURCE ALLOCATION		81-124
5	Capital Budgeting Tools and Evaluation Techniques 5.1 Principles of Capital Investment Decisions 5.2 Discounted Cash Flow (DCF) Models 5.3 NPV, IRR, PI, and Payback Techniques 5.4 Real Options in Strategic Investments 5.5 Post-Audit of Capital Projects	83

6	Strategic Risk Assessment and Financial Uncertainty 6.1 Financial Risk Identification and Categorization 6.2 Sensitivity, Scenario, and Break-Even Analysis 6.3 Monte Carlo Simulation and Probabilistic Models 6.4 Risk-Adjusted Discount Rate and Certainty Equivalent Methods 6.5 Enterprise Risk Management Alignment	103
PART IV - COST MANAGEMENT AND STRATEGIC CONTROL		125-172
7	Strategic Cost Structures and Cost Behavior Analysis 7.1 Cost Classification and Behavior Modelling 7.2 CVP Analysis and Operating Leverage 7.3 Strategic Profitability Analysis 7.4 Cost Allocation and Joint Costing 7.5 Cost Efficiency in Competitive Strategy	127
8	Advanced Management Accounting Tools 8.1 Activity-Based Costing (ABC) and Activity-Based Management (ABM) 8.2 Target, Kaizen, and Life-Cycle Costing 8.3 Standard Costing and Variance Interpretation 8.4 Value Chain Analysis for Strategic Advantage 8.5 Strategic Cost Drivers and Cost Leadership	150
PART V - FINANCING STRATEGY AND PERFORMANCE MEASUREMENT		173-240
9	Working Capital Strategy and Short-Term Financing 9.1 Cash, Receivables, Inventory, and Payables Management 9.2 Cash Conversion Cycle Optimization 9.3 Credit Policy Design and Evaluation 9.4 Short-Term Financing Instruments 9.5 Liquidity Strategy in Volatile Environments	175
10	Long-Term Financing and Capital Structure Design 10.1 Sources of Long-Term Capital 10.2 Cost of Capital and WACC 10.3 Financial Leverage and EPS Analysis 10.4 Capital Structure Theories and Strategic Application 10.5 Dividend Decisions and Distribution Policies	199
11	Performance Measurement and Strategic Value Creation 11.1 KPIs, Scorecards, and Performance Dashboards 11.2 EVA, MVA, and Shareholder Value Metrics 11.3 Profitability and Productivity Drivers 11.4 Internal and External Benchmarking 11.5 Governance, Transparency, and Accountability	220

PART VI - TECHNOLOGY, ANALYTICS, AND CONTEMPORARY THEMES		241-292
12	Financial Analytics and Decision Support Systems 12.1 Business Intelligence and Analytics Tools 12.2 Predictive Analytics and Machine Learning in Finance 12.3 Data Visualization for Decision Insight 12.4 ERP Integration with Financial Decision Processes 12.5 AI-Augmented Financial Modelling	243
13	Sustainability, ESG Metrics, and Integrated Reporting 13.1 ESG Indicators in Strategic Finance 13.2 Sustainability Accounting Standards 13.3 Integrated Reporting Frameworks 13.4 Climate Risk, Social Impact, and Governance Metrics 13.5 Long-Term Value and Responsible Capital Allocation	268
PART VII - APPLICATIONS AND PRACTICE		293-341
14	Industry Applications of Strategic Financial Tools 14.1 Manufacturing Sector Case Studies 14.2 Service Sector and Digital Economy Applications 14.3 Retail and FMCG Working Capital Models 14.4 Technology, Startups, and Innovation Financing 14.5 Public Sector and Non-Profit Financial Strategies	295
15	Comprehensive Case Studies 15.1 Capital Investment Decision Case 15.2 Strategic Cost Analysis Case 15.3 Working Capital Optimization Case 15.4 Forecasting and Scenario Planning Case 15.5 ESG and Integrated Reporting Case	318
	Appendix A: Financial Tables and Formulas Appendix B: Modelling Templates Appendix C: Glossary Appendix D: Regulatory and Accounting Standards Reference Index	342-349
